Peel the potatoes and then grate using the large side of a box grater.

Try to get nice long strands by peeling along the length of each potato.

Place the grated potato in a clean dish cloth in batches and squeeze extremely thoroughly.

Once all excess liquid has been squeezed out place in a large mixing bowl.

Season with clarified butter and **Cape Herb & Spice Everything Seasoning Sprinkle**.

Mix well.

Sprinkle a little potato starch over a clean work surface.

Use a quarter or third cup measure and scoop out some grated potato.

Press together into a little disc / patty and repeat with the rest of the potato.

Melt some of the clarified butter in a large non-stick pan over medium heat.

You will need to work in batches or use multiple pans.

Place about five rostis in the pan.

Use a spatula to tidy the edges.

Cook for 5 minutes until deep golden and crispy, flip, and cook another 5 minutes until done.

Transfer rostis to a baking tray lined with paper towel to drain and then place on a wire rack.

You can keep the rostis warm in the oven while you work on the batches.

To serve:

Combine sour cream and yoghurt.

Slice jammy eggs in half.

Plate rostis and dollop with the sour cream mixture.

Add half an egg and sprinkle generously with dill fronds and **Cape Herb & Spice Everything Seasoning Sprinkle**.

Serve right away and enjoy!
